Important Questions	Answers	Why This Matters:
What is the overall deductible?	\$0	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
Are there services covered before you meet your deductible?	Yes. <u>Deductible</u> does not apply to any expenses under this <u>plan</u> .	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet <u>deductibles</u> for specific services.
What is the out-of-pocket limit for this plan?	\$10,600 per individual and \$21,200 per family, per calendar year. Prescription drugs are provided through a separate <u>plan</u> with <u>out-of-pocket limit</u> of \$10,600 per individual and \$21,200 per family.	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the out-of-pocket limit?	<u>Premiums</u> , <u>balance-billing</u> charges, and health care this <u>plan</u> doesn't cover.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a network provider?	Not applicable.	This <u>plan</u> does not use a <u>provider</u> network (except in relation to organ/tissue transplants). You can receive covered services from any <u>provider</u> .
Do you need a referral to see a specialist?	No.	You can see the <u>specialist</u> you choose without a referral.

*Facility charges will not be covered under this Plan for members age 26 and older utilizing Cincinnati Children's Hospital.
