The commission disclosed above is that which is known to MEDBEN. MEDBEN bears no responsibility for disclosing fee and/or commission information about which it has no knowledge or for services purchased from vendors or providers directly by the Plan Administrator and/or Plan Sponsor. The Plan Administrator shall also be solely responsible for determining if their agent, broker, or consultant has complied with the federal broker disclosure requirements.

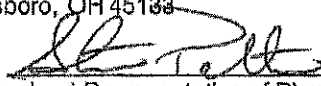

Compass Risk Partners LLC and certain MEDBEN employees may also receive certain commissions. Some commissions may be based on the volume of business with certain vendors, including life insurance carriers. The actual amount and percentage of commissions paid in these circumstances will vary based on the specifics of the product(s) purchased and sold. Fees and commission amounts disclosed herein for services and/or products not performed by MEDBEN are not guaranteed by MEDBEN during the term of this Agreement.

In some instances, MEDBEN is compensated for work it does to assist vendors in providing services to the Plan and the Plan Administrator. In particular, some medical cost containment vendors share a portion of their fees with MEDBEN to compensate MEDBEN for the work and extra personnel MEDBEN provides to the vendors in collecting necessary documentation and information for such vendors.

The Plan Administrator hereby authorizes the purchase of such insurance and management services and acknowledges the fees described herein. PHIA BALANCE BILL RESOLUTION ADDENDUM RBP PLANS

This Amendment ("Addendum") is made to the most recent Benefit Management Agreement ("Agreement") made by and between Medical Benefits Administrators, Inc. (hereinafter "MedBen"), an Ohio corporation, and Highland Computer Forms, Inc. ("Plan Sponsor"). This Addendum is effective as of the effective date of the Agreement.

MedBen has contracted with The Phia Group ("Phia") to provide balance bill resolution services for its self-funded clients who sponsor a referenced-based plan ("RBP Plan") with repricing services from Zelis (formerly Payer Compass). Phia provides services in support of such RBP plans and Plan Sponsor wishes to utilize Phia's services to support its RBP Plan. MedBen and Plan Sponsor acknowledge that Plan Sponsor sponsors and maintains the employee welfare benefit plan or plans set forth on Exhibit A of the Benefit Management Agreement (the "Plan") for which MedBen provides specific services. In consideration of the above, Plan Sponsor and or Plan Administrator acknowledge, agree, and understand the following:

Phia will provide its balance bill resolution services, in coordination with the RBP Plan repricer identified above, including plan language support, escalation balance bill management, negotiation with health care providers, and limited patient defense. Plan Sponsor agrees the Phia cannot guarantee any specific outcome or resolution.

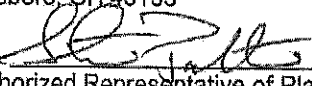

If patient defense is deemed necessary, Plan Sponsor agrees to provide Phia with documentation required by legal counsel, including representation agreements (without which patient defense is not available).

Plan Sponsor is aware and agrees that if patient defense is triggered, the Plan is obligated to indemnify the affected Participant up to the agreed upon threshold amount if agreed to by the Plan on behalf of Participants and any law firm retained by Phia, on a case-by-case basis and as disclosed to the Plan Sponsor; or otherwise with no limit, for any and all claims, liabilities, costs and expenses, including amounts deemed payable by a court of law, incurred by the Participant relating to the balance bill dispute.

The Plan agrees to fund negotiated payments, which may be referred to as settlements, payable to the balance billing provider if the Plan has consented to negotiation efforts and the particular settlement amount.
